Resources TOTAL: \$1,726.85

Florida VPK 2018 Submission

HighScope Professional Development Plan

Events: HighScope Online Courses

HighScope will offer five online courses on key components of the HighScope Curriculum

- **Creating Meaningful Lesson Plans**
- **Scaffolding Children’s Learning at Small-Group Time**
- **Planning and Recall Why and How**
- **Large-Group Times for Active Learners**
- **How to Support Active Learning During Work Time**

HighScope online courses are engaging and interactive, both with the instructor and with other students. You will become a member of an e-learning community, taking part in group discussions, and receiving individual attention from the instructor. Although there is a specific schedule — with a start date, assignment deadlines, and a completion date — course work can be accessed and completed anywhere you have internet access, at any time of day, and all the while maintaining close contact with instructors and classmates. Price includes training materials and resources to be successful.

Cost: \$725.00 (Included in the package price)

Event: HighScope COR Advantage Webinar

Join us for an introduction to HighScope’s new child assessment tool, COR Advantage. We’ll share some of the new onscreen features designed to make it easier than ever to complete each child’s developmental profile. COR Advantage is a birth through kindergarten tool with updated categories, items, and levels. There will be time for questions at the end of the webinar.

Cost: No additional charge

Support Feature: HighScope eTools

HighScope staff will provide access to the eTools section of the HighScope Web site. On the HighScope site, Florida VPK staff can “meet” to discuss their implementation of the HighScope Curriculum. Success will be documented and shared, and challenges will be addressed.

Cost: No additional charge

Support Feature: HighScope Membership Association

VPK providers are eligible to become a member of the HighScope Membership Association. Here are the benefits of becoming a member.

MEMBERSHIP BENEFITS INCLUDE

- Web Clips of the HighScope approach in action.
- *The Active Learner*, HighScope’s Journal for Early Educators.
- A library of articles from archived issues of HighScope publications, *ReSource* and *Extensions*.
- A community of professionals who share your commitment to educating early learners.

The HighScope Membership is certified by the Council for Professional Recognition as an organization that meets the requirements for CDA credentialing.

Cost: No Additional Charge

Optional Event: HighScope One- and/or Two-Day Trainings

Our Educational Services staff will work with you to conduct an assessment of your program's needs. We will then create a customized, affordable training program aligned with your goals. Topics may include Active Learning, Plan-Do-Review, Observations/Anecdotal Notes, Scaffolding Children's Learning at Small-Group Time, Numbers Plus, or Problem Solving and Conflict Resolution.

Cost: \$2,000/day for up to 15 participants

Optional Event: HighScope Coaching

Our Educational Services staff will work with you to observe the parts of the daily routine, focusing on active learning, and write 2–3 strengths and one opportunity for growth on the Coaching Observation Summary Form. This ensures that strengths outweigh opportunities for growth. Combine or summarize the Daily Routine opportunities for growth. Meet with the teaching team and give feedback based on strengths and opportunities for growth. Use the active learning checklist and Essentials as guides for conversations in supporting and furthering their knowledge and implementation of the curriculum.

Cost: \$1,400/day

Optional Event: HighScope Training Conferences

HighScope staff will conduct regional training events throughout the State of Florida. VPK providers may attend a special track of sessions specific to Florida's VPK program. Other sessions include discussion on: HighScope Plan-Do-Review, Planning Around Children's Interests, Mathematics in the HighScope Curriculum, Observing and Assessing Children's Development, and more. Length of the conferences will range from 1–2 days.

Cost: Subject to number of participants

Optional Extensive Training: Preschool Curriculum Course and Training of Trainers

Learn to successfully implement the HighScope Curriculum with the **Preschool Curriculum Course**, which provides study, discussion, and hands-on practice. Session topics include:

- Active Learning versus Passive Learning versus Laissez-Faire Approach
- Preschool Thinking and Reasoning
- Fundamentals of Adult-Child Interaction
- Plan-Do-Review
- Key Developmental Indicators: Academic Content
- Promoting Preschoolers' Social Skills and Critical Thinking Skills

The three-week HighScope **Training of Trainers** is designed for those who have already completed extensive training in the HighScope Preschool or Infant-Toddler Curriculum and wish to extend their skills to training adults in the educational approach. Those successfully completing the Preschool Training of Trainers course earn certification through the International HighScope Registry as HighScope trainers with an endorsement in the HighScope preschool educational approach.

Cost: Subject to number of participants

Total VPK Package Price: \$2,451.85 Includes curriculum materials, HighScope Online Courses, COR Advantage Webinar, eTools, and membership in the HighScope Membership Association. Optional HighScope One- and/or Two-Day Training, Training Conferences, or Extensive Training would be in addition to the VPK Package.

Price is effective throughout the life of the VPK adoption.
